

Saguaro National Park - Saguaro Census Plot 8
March 20, 2010 – Park Staff and Volunteers

In this figure, green columns represent the number of saguaros counted in 1990 and blue represent 2010. The x axis breaks down the saguaros into size classes. The total number of saguaros counted is on the far right side of the chart. There has been no change in the number of saguaros on the plot since the last Saguaro Census in 1990.
